

# Pre-K 4 SA

## Pre-Enrollment Process

### Understanding the Enrollment Process

Pre-enrollment is the first step in a four step process to enroll in The Pre-K 4 SA program. Pre-enrollment will take place through the month of May. In June students who meet state eligibility requirements and are pre-enrolled will be selected through a lottery to attend Pre-K 4 SA. In July lottery-

selected students will enroll in Pre-K 4 SA through their respective school districts, while lottery selected-students who are not state eligible will enroll through the City.

### What to Expect at the Pre-Enrollment Fairs

The purpose of pre-enrollment is to create a pool of eligible students from which to choose who will be attending though the lottery process.

At the pre-enrollment fairs parents will be given forms to fill out that indicate name, address, and age, and school district they live with in. Parents should bring with them an original birth certificate and a document showing proof of residency to be check by City staff. Once

these forms are completed, the parent or family will submit the forms with the city.

Finally, they will talk with a member for their respective school district regarding when to they will need to enroll with the school district if their child is selected in the lottery. While **a parent or family may pre-enroll their child at any fair**, it is recom-

mended they attend the fairs taking place within the school district in

#### What to Bring

- ✓ Birth Certificate
- ✓ Proof of Residence

Bring original copies of both documents, they will be used for verification purposes only and will not be collected.

which they reside. Pre-enrollment fairs are for state eligible and income-based eligible children.
